PENETRATING OIL MOUSEMILK

E-Mail: sales@asapspares.com.au

Muscle in a hustle... for speedy help in the removal of rusted and frozen studs.

MOUSE MILK frees up cables, slides, linkages and bolts.

MOUSE MILK is unequalled wherever a lubricant or penetrant is required.

MOUSE MILK will dissolve rust, relieve friction and resist oxidation.

MOUSE MILK has amazing creeping ability. Frozen nuts and bolts can be easily loosened and removed after allowing

MOUSE MILK to creep down the threads and break up the rust and corrosion.

MOUSE MILK is an effective cutting fluid when drilling tapping or turning metals.

8oz Bottle
